2009 FLY FISHING ADVENTURES

We're pleased to offer fully guided fly fishing vacations. Our professional, experienced guides ensure a safe and relaxing adventure. Experience the best of backcountry Montana with all basic necessities provided.

Plan on arriving around 5 p.m. on the day preceding your first guided day. Most guests choose to rent a vehicle and enjoy the scenic two hour drive around Hungry Horse Reservoir. Be sure your camera is close at hand because every bend in the road will reveal a spectacular view, not to mention abundant wildlife. Upon arrival we'll help you get settled in your cabin and show you around the spread. Over a hearty home-style dinner we'll discuss your goals and what you'd like to accomplish over the course of your vacation.

During the next 3 to 5 days you'll hike, float and wade fish the beautiful and remote South Fork of the Flathead River. Or, wade fish the Spotted Bear River and other secluded, pristine creeks.

If you're up for it, seeing some of the country from horseback is available. We'll be glad to find the right trails and mount to suit you. The countless miles of trails offer everything from dense, old growth forest to riding right up to the top of the world for seemingly endless views.

All groups are assigned private cabins. Meals are served family style in our lodge overlooking Spotted Bear River. After enjoying an evening beverage on the deck come on in to the recreation area and challenge your guide to a game of pool or just relax around a blazing campfire to relive the adventures of the day.

5day/6 night.....\$1995.00 per person (Sunday p.m. through Saturday a.m.)

3 day/3 night.....\$1295.00 per person
